

No matter where you serve or what helmet you wear, the IAFC has something to offer you in terms of leadership, education and service.

The IAFC Improves Your Resourcefulness

- **Keeps you current** on emerging national and international issues so you stay one step ahead
- **Increases your contacts** and connects you with an international community of peers for sharing best practices and solutions to problems
- **Provides cutting-edge information and training** you need to do your job better and advance your career
- **Advocates for you and your department** before top government regulators and legislators to get you essential funding and resources

Federal & Military Fire Services Section Speaks Your Language

The Federal & Military Fire Services Section acts as a strong voice for federal fire and emergency services personnel. To support its mission, the Federal & Military Fire Services Section promotes and supports regulations and laws resulting in greater safety to life and property and creates better conditions for federal and military fire and emergency services personnel. Recent successes include:

- securing Federal firefighter presumptive disability
- increasing the uniform allowance
- enacting the mutual aid statute
- gaining the reimbursement provision of reciprocal fire protection services

Advance Your Career

The Federal & Military Fire Services Section has established a scholarship for federal and military personnel through the IAFC Foundation. One or more scholarships are awarded annually to applicants who are IAFC Federal & Military Fire Services Section members or who work in a federal or military department. For more information or to obtain an application, go to www.iafc.org. You can also email foundation@iafc.org or call 703-896-4822.

Section members are comprised of individuals representing the U.S. Army, Navy, Marine Corps, Coast Guard, Air Force, Bureau of Land Management, Veterans Administration, Forest Service, Defense Logistics Agency, Federal Emergency Management Agency, Department of Homeland Security, Department of Energy, and National Institutes of Health.
