### Voting Guide for the

## On-Line Public Comment Hearing Re-Vote

# *Step 2*

January 29, 2016

---

#### **Background:**

The ICC Public Comment Hearing experienced problems with the electronic voting devices. As a result, a portion of the Public Comment process is being recreated and re-voted through the ICC on Online Governmental Consensus Vote. This process will only be used for those code changes which were voted utilizing the voting devices. The PCH action for the code changes which were considered and voted by a show of hands remains as published and will be the basis for the OGCV.

Voting will consist of a 2-step process to re-create the Public Comment Hearing. Step 1 voting was open from January 19 – 25, and is now closed.

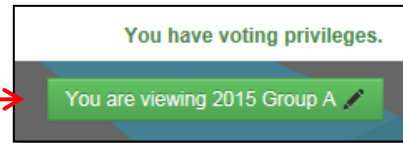

This guide will take you through Step 2.
